

Abstract of the Disclosure

NOVELTY COOKIE PRODUCT

5 A cookie product has entertainment value and interest in addition to its good taste and satisfying snack value. The cookie product comprises a base cake having an image thereon and a layer of confection covering at least a portion of the image. Preferably, the cookie is a sandwich cookie having two base cakes separated by and adhered with a confection filling. In its preferred form, the image comprises a depiction of a cartoon
10 character appearing on a television screen and a second base cake has an image of a television with an unclear picture that is visible when the cookie is taken from its package or container. A method of making the cookie product and a method of eating it are also provided.
